GIVE YOUR MAILINGS

A PRODUCTIVITY BOOST

HJ940

VERSATILE AND PROFESSIONAL PRINTING FOR GROWING BUSINESSES

The HJ940 addressing solution provides the qualities of a production printer with the price tag of an entry level printer. Its advanced technology, precision engineering and exceptional attention to detail make this high-performance system the right one for growing businesses.

With a feeding system that has three rows of high grip rollers and the capacity for materials up to ¼" thick, it can handle any job. The dual print head configuration allows you to add return addresses, indicia, barcodes and more to the primary address in a single pass on a large 2.5" print area for a professional and unique look every time. And, the electronic thickness adjustment works effortlessly with the clutch-controlled built-in feeder for even greater productivity. The HJ940 makes quick work of even the largest jobs.

Processing 30,000 postcards per hour and 22,000 No. 10 envelopes per hour, the HJ940 is perfect for mid-size corporate environments. Its sturdy metal construction is built to last and easy to set up and use.

HASLER
America's better choice.®

A SUITE OF VALUE-ADDED HASLER PRODUCTS THAT EFFICIENTLY COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced, high-productivity office environment requires a total mailing solution, one that provides the capabilities to meet all your demands, while giving you control and transparency of every mail-related function. Hasler's HJ940 address printer will dramatically increase office efficiency by helping you operate at peak performance and meet important deadlines.

And to truly maximize productivity and achieve mail center savings, consider integrating other cost-effective Hasler equipment into your mailing operations, including: an in-line tabbing system, mailing systems, folder/inserters and mail center management software. Each of the products and services listed below will add processing speed, enhanced performance and a professional appearance to your mail. Hasler has the total mailing solution to meet all your important processing needs, today and as your mail volume grows in the future.
