HJ980

ADDRESSING SOLUTION

PRODUCTION ADDRESSING SOLUTION COMBINES FLEXIBILITY WITH EXCEPTIONAL PRINT QUALITY

The HJ980 is a full-featured, high volume, large capacity addressing solution that has the ability to take on any challenge with reliable and outstanding results.

The HJ980 features a large 3" print area and three independent print modules which give you the option to print addresses, attention lines, postal barcodes, return addresses and indicia on a mailpiece at the same time. The multi-channel vacuum transport has repositionable outer transport belts and material guides that can be customized to keep pieces in place and ensure perfect registration every time. And, with the inkjet cartridge storage compartment you are able to extend the life of your cartridges and increase their yield, which saves you money.

Processing over 34,000 postcards per hour and 26,000 No. 10 envelopes per hour, the HJ980 is perfect for production-level environments.
