

MULTIPLE SIDE TABBER FOR
UNPARALLELED PRODUCTIVITY

HT25

THE PERFECT TABLETOP TABBER THAT GIVES YOU THE VERSATILITY AND RELIABILITY YOU NEED

The HT25 is quite simply the most technologically advanced tabletop tabbing system available today. It can do something that no other tabletop tabbing system on the market can do – apply tabs to the top and side of a mailpiece simultaneously. Even more impressive, it can apply tabs on opposite sides of the same piece (side-to-side tabbing) in a single pass!

With one fixed tab head that can apply tabs along an open edge and the other tab head able to switch from side tabbing to crash (or front) tabbing, multiple-side booklet tabbing is no longer a difficult task. The HT25 applies clear, translucent or paper tabs with ease in a variety of tab sizes, including the new 1.5" tabs for letter-size booklets. It also applies USPS® stamps for a custom look.

Whether side-to-side tabbing or single tabbing, the HT25 multi-side tabber/stamp affixer will make your job easier, more productive, profitable and efficient. Its heavy-duty aluminum and steel construction will guarantee you years of reliable, high performance use.

HASLER
America's better choice.®

A SUITE OF VALUE-ADDED HASLER PRODUCTS THAT EFFICIENTLY COMPLETE YOUR TOTAL MAILING SOLUTION

Save time and money with a professional Hasler tabbing system. When you want to send direct mail without envelopes, tabbing is the optimal solution. A tabbing system is an inexpensive way to seal newsletters, folded brochures, double postcards, self-mailers and booklets with wafer-seals. The Hasler line of automated tabbing systems makes it easy to send your self-mailers, with simple operation and a wide assortment of tabs. Plus, Hasler tabbing systems are required to take advantage of USPS® automation discounts for self-mailers.

And to truly maximize productivity and achieve mail center savings, consider integrating other cost-effective Hasler equipment into your mailing operations, including: addressing printers, mailing systems, folder/inserters and mail center management software. Each of the products and services listed below will add processing speed, enhance performance and a professional appearance to your mail. Hasler has the total mailing solution to meet all your important processing needs, today and as your mail volume grows in the future.
