A NEW STANDARD FOR

AUTOMATIC FOLDING

HF80

HASLER HF80

THE IDEAL SOLUTION FOR PAPER FOLDING

The automatic Hasler HF80 Folder gives you the simplicity and versatility to complete a wide variety of fold jobs in just minutes, whether you're a business, church, school or print shop. •imply select a pre-programmed fold type, adjust stacker wheels, and go.

• perators will find the HF80 easy to use. ◀ has a user-friendly control panel with large 2.8" LCD backlit display, up to 25 programmable jobs, and the ability to load up to 500 sheets in the hopper. The system includes a detector that automatically stops operation if a fault occurs. The HF80 will fold the sheets in as fast as two minutes and hold up to 500 finished pieces on its telescoping outfeed stacker. A fine tune adjustment feature precisely sets fold stops for crisp, accurate folds every time.

The HF80's advanced software will process all standard fold types and paper sizes to your customized needs. A Daily Mail Mode feeder is a feature that allows up to four stapled or unstapled sheets to be folded at one time through the dedicated feed system with its own side guides and skew adjustment system. When it comes to paper folding, nothing does it faster or with higher quality than the Hasler HF80.
